1. About The Company

Rockbuster Stealth LLC is a global movie rental company. This data dictionary contains relevant information to access Rockbuster's database and the core structure of all the data stored in its database.

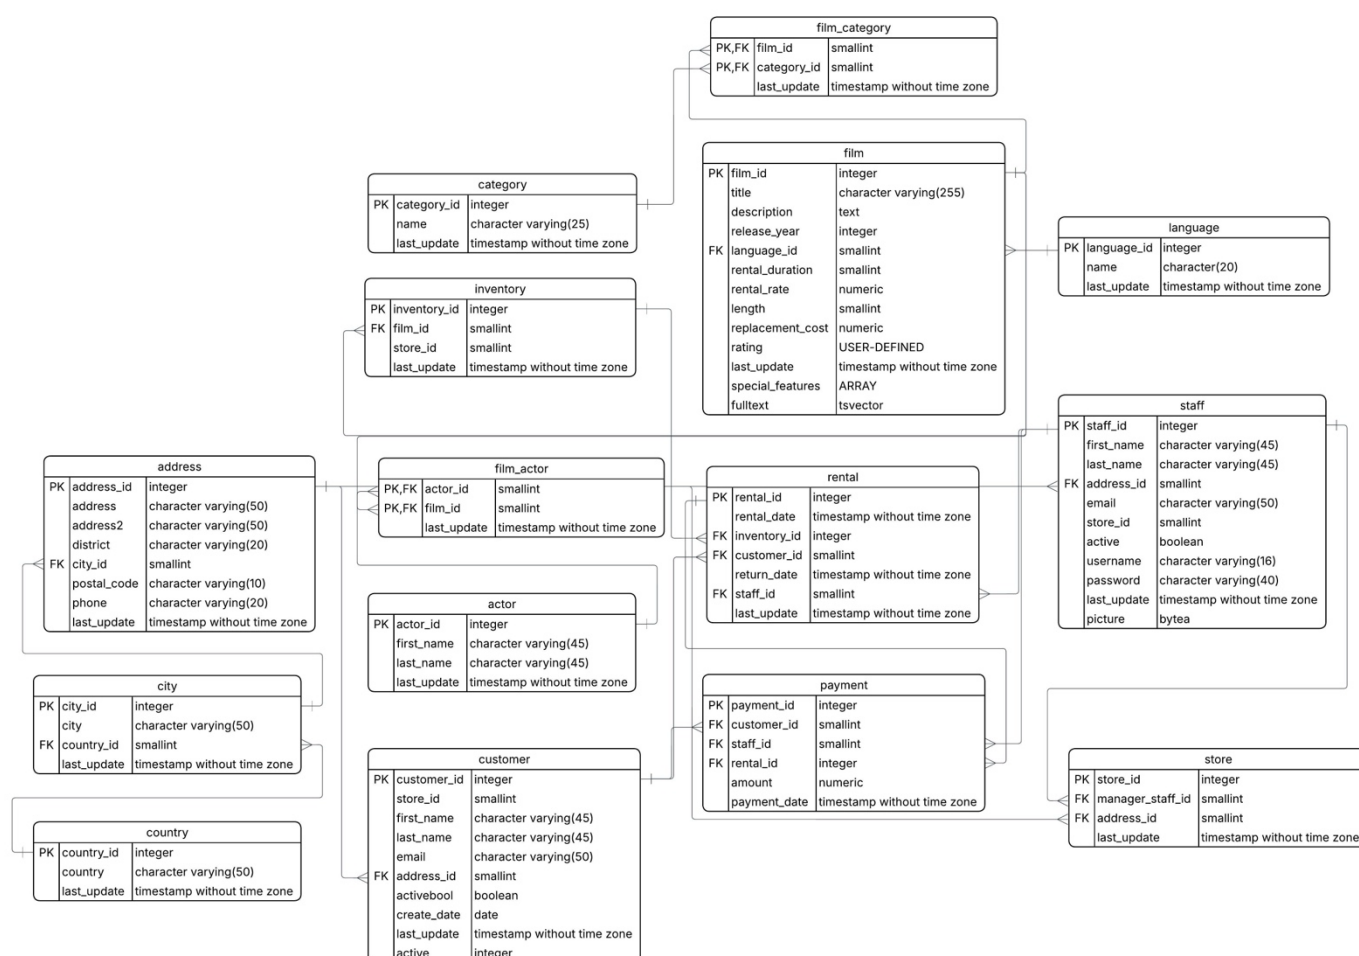

2. LEGEND

PK: Primary Key

FK: Foreign Key

3. ERD: Entity Relationship Diagram

The following diagram is an entity relationship diagram of the Rockbuster Stealth company created by Lucidchart. This ERD is a map establishing the relationship between all the different tables stored in the Rockbuster database.

4. Fact Tables

4.1 Rental

rental			
Column	Data Type	Key/Join	Description
rental_id	Integer	PK	Unique identifier for rental
rental_date	Timestamp without time zone	-	Start date of rental
inventory_id	Integer	FK (Joins to inventory table)	Unique identifier for inventory product
customer_id	Smallint	FK (Joins to customer table)	Unique identifier for customer
return_date	Timestamp without time zone	-	End date of rental
staff_id	Smallint	FK (Joins to staff table)	Unique identifier for staff who monitored the transaction
last_update	Timestamp without time zone	-	Timestamp of the time the transaction was last updated

4.2 Payment

payment			
Column	Data Type	Key/Join	Description
payment_id	Integer	PK	Unique identifier for a payment transaction
customer_id	Smallint	FK (Joins to customer table)	Unique identifier for customer
staff_id	Smallint	FK (Joins to staff table)	Unique identifier for staff who monitored the transaction
rental_id	Integer	FK (Joins to rental table)	Unique identifier for rental
amount	Numeric	-	Price of the transaction
payment_date	Timestamp without time zone	-	Date when the payment was processed

5. Dimension Tables

5.1 Address

address			
Column	Data Type	Key/Join	Description
address_id	Integer	PK	Unique identifier for address
address	Variable Character (50)	-	Address of the customer
address2	Variable Character (50)	-	Additional address info of the customer
district	Variable Character (20)	-	District of the address
city_id	Smallint	FK (Joins to city table)	Unique identifier for cities

postal_code	Variable Character (10)	-	Postal code of the address
phone	Variable Character (20)	-	Contact number of the customer
last_update	Timestamp without time zone	-	Timestamp of the time the address was last updated

5.2 City

city			
Column	Data Type	Key/Join	Description
city_id	Integer	PK	Unique identifier for cities
city	Variable Character (50)	-	Name of the city
country_id	Smallint	FK (Joins to country table)	Unique identifier for country
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.3 Country

country			
Column	Data Type	Key/Join	Description
country_id	Integer	PK	Unique identifier for country
country	Variable Character (50)	-	Name of the country
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.4 Category

category			
Column	Data Type	Key/Join	Description
category_id	Integer	PK	Unique identifier for category
name	Variable Character (25)	-	Name of the category
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.5 Inventory

inventory			
Column	Data Type	Key/Join	Description
inventory_id	Integer	PK	Unique identifier for inventory item
film_id	Smallint	FK (Joins to film table)	Unique identifier for film
store_id	Smallint	FK (Joins to store table)	Unique identifier for store
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.6 Film Actor

film_actor			
Column	Data Type	Key/Join	Description
actor_id	Smallint	PK; FK (Joins to actor table)	Unique identifier for actor
film_id	Smallint	PK; FK (Joins to film table)	Unique identifier for film
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.7 Actor

actor			
Column	Data Type	Key/Join	Description
actor_id	Integer	PK	Unique identifier for actor
first_name	Variable Character (45)	-	First name of the actor
last_name	Variable Character (45)	-	Last name of the actor
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.8 Customer

customer			
Column	Data Type	Key/Join	Description
customer_id	Integer	PK	Unique identifier for customer
store_id	Smallint	FK (Joins to store table)	Unique identifier for store
first_name	Variable Character (45)	-	First name of the customer
last_name	Variable Character (45)	-	Last name of the customer
email	Variable Character (50)	-	Email address of the customer

address_id	Smallint	FK (Joins to address table)	Unique identifier for customer's address
activebool	Boolean	-	Indicates if the customer is active
create_date	Date	-	Date of creation of customer ID
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated
active	Integer	-	Indicates if the customer is active

5.9 Film Category

film_category			
Column	Data Type	Key/Join	Description
film_id	Smallint	PK; FK (Joins to film table)	Unique identifier for category
category_id	Smallint	PK; FK (Joins to category table)	Name of the category
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.10 Film

film			
Column	Data Type	Key/Join	Description
film_id	Integer	PK	Unique identifier for film
title	Variable Character (255)	-	Title of the film
description	Text	-	Short description of the film
release_year	Integer	-	Release year of the film
language_id	Smallint	FK (Joins to language table)	Unique identifier of the language
rental_duration	Smallint	-	Rental Duration that is allowed for this film
rental_rate	Numeric	-	Rental rate of the film
length	Smallint	-	Length of the film in minutes
replacement_cost	Numeric	-	The cost to replace this film
Rating	Variable Character (10)	-	Rating of the film
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated
special_features	ARRAY	-	List of special features

fulltext	Tsvector	-	Full text search vector (Postgre SQL)
----------	----------	---	--

5.11 Language

language			
Column	Data Type	Key/Join	Description
language_id	Integer	PK	Unique identifier for language
name	Character (20)	-	Name of the language
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated

5.12 Staff

staff			
Column	Data Type	Key/Join	Description
staff_id	Integer	PK	Unique identifier for staff member
first_name	Variable Character (45)	-	First name of the staff member
last_name	Variable Character (45)	-	Last name of the staff member
address_id	Smallint	FK (Joins to address table)	Unique identifier for staff's address
email	Variable Character (50)	-	Email address of staff member
store_id	Smallint	FK (Joins to store table)	Unique identifier for store where the staff member is working currently
Active	Boolean	-	Indicates if the staff member is active
username	Variable Character (16)	-	Login credential for staff member
password	Variable Character (40)	-	Password to login into the Rockbuster system
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated
picture	Bytea	-	Picture of the staff member

5.13 Store

store			
Column	Data Type	Key/Join	Description
store_id	Integer	PK	Unique identifier for store
Manager_staff_id	Smallint	FK (Joins to staff table)	Unique identifier for manager of the store with their staff id
address_id	Smallint	FK (Joins to address table)	Unique identifier for staff's address
last_update	Timestamp without time zone	-	Timestamp of the time this record was last updated
